B. Zoning map amendments may be approved by a majority vote of all members of the city council, except that passage of the zoning map amendment requires a favorable vote of three-fourths of all members of the city council if either of the following occurs:

1. The plan and zoning commission recommends denial of the zoning map amendment; or
2. A valid protest is filed in opposition to the zoning map amendment, in accordance with section 134-6.3.10 of this article.

3. The owners of 15% or more of the property located within 200 feet of the exterior boundaries of the area included in the proposed zoning map amendment area if 30% or more of the area of the lots within 200 feet of the proposed rezoning area is owned by a governmental entity.

B. A protest opposing a zoning map amendment must be filed with the city clerk before or at the city council's hearing to consider the subject zoning map amendment.

6.3.11 REVIEW AND APPROVAL CRITERIA

The decision to amend the zoning map is a matter of city council discretion that is not controlled by any single standard or criterion. In making recommendations and decisions on zoning map amendments, review and decision-making bodies must consider all relevant factors, including at least the following:

A. Whether the proposed zoning map amendment is consistent with the policy and intent of comprehensive plan; and

B. Whether the proposed zoning map amendment corrects an error or inconsistency or is necessary.
or desirable to meet the challenge of a changed or changing condition and is in the public interest.

**6.3.12 REVIEW AND APPROVAL - VEHICLE SALES AND RENTAL DISPLAY**

A. There exist within the city of Des Moines segments of commercial corridors wherein the concentration of vehicle sales and rental display lots has reached a level that has discouraged investment and reinvestment in other uses in the area. As retail and service businesses close and property values within the affected corridors decline or fail to rise with the overall market, the most profitable use of the vacant properties is often for additional vehicle sales and rental display lots. This further increases the concentration of vehicle sales and rental display lots and their impact on other properties. The creation or expansion of vehicle sales and rental display lots is generally prohibited on such corridors. It is expected that over time the concentration of vehicle sales and rental display lots will decline through attrition and conversion to other uses, and the detrimental impact of the remaining vehicle sales and rental display lots will decline as vehicle sales and rental display lots are upgraded over time to the current landscaping and setback standards.

B. Property should not be rezoned to remove the “V” extension to allow vehicle sales and rental display lots when the city council has made a determination that at least one of the following conditions exist within the corridor along which the property is located:

1. The corridor or portion thereof to be rezoned contains a high concentration of vehicle sales and rental display lots and the concentration of vehicle sales and rental display lots has reached a level where it is discouraging, or with any increase is likely to discourage, further investment and reinvestment in other uses along the corridor.

2. The use of the required front yard for vehicle sales and rental display is contrary to the predominant character of the corridor or portion thereof to be rezoned, and would detrimentally impact that character and property values along the corridor.

The city council, after review and recommendation by the plan and zoning commission, may consider removal of the “V” extension designation from a specific parcel, if the council finds that the above conditions no longer exist or that the proposed use demonstrates provision of exceptional setbacks, landscaping and other site amenities that mitigate the visual impact of the vehicle sales and rental display lot from the corridor.

**6.3.13 SUCCESSIVE APPLICATIONS**

If a zoning map amendment application has been denied by the city council, no new zoning map amendment application that includes all or part of the same property may be filed or considered by the city council for at least one year from the date of final action by the city council.

**134-6.4 Conditional Uses**

---

**6.4.1 AUTHORITY TO FILE**

Conditional use applications may be filed only with the consent of all record titleholders, or with the consent of all record contract purchasers when applicable, of the real property on which the conditional use is proposed.

**6.4.2 PREAPPLICATION MEETING**

Property owners requesting approval of a conditional use must attend a preapplication meeting before filing the conditional use application pursuant to section 134-6.1.3 of this article.

**6.4.3 APPLICATION FILING**

Conditional use applications must be filed with the community development director.
6.4.4 NEIGHBOR COMMUNICATIONS
Applicants for conditional uses are responsible for conducting neighborhood meeting(s) and providing a summary of such meeting(s) before required public hearings pursuant to section 134-6.1.6 of this article.

6.4.5 STAFF REVIEW AND RECOMMENDATION
Following receipt of a complete conditional use application, the community development director must prepare a report and recommendation. The report and recommendation must be transmitted to the board of adjustment before its public hearing on the proposed conditional use.

6.4.6 NOTICE OF HEARING
It is the policy of the city to provide courtesy mailed notice of hearing to all owners of property and any applicable recognized neighborhood associations within 250 feet of the property for which a conditional use approval is requested, except as follows:

1. The city will provide courtesy mailed notice of hearing to all owners of property and any applicable recognized neighborhood associations within 300 feet of the property for which a conditional use approval for a wireless telecommunications tower is requested.
2. The city will provide courtesy mailed notice of hearing to all owners of property abutting and diagonally opposite from the subject property and any applicable recognized neighborhood association within the notification area for which a conditional use approval for any wireless telecommunications use, other than related to a tower, is requested.

6.4.7 BOARD OF ADJUSTMENT DECISION
A. Following receipt of a complete conditional use application, the board of adjustment must hold a public hearing to consider the application. Following the close of the public hearing, the board of adjustment must act to approve the requested conditional use, approve the conditional use with conditions, or deny approval of the conditional use based on the applicable standards and review criteria of section 134-6.4.8 of this article. Approval of a conditional use requires an affirmative vote of at least four members of the board of adjustment and may occur on the consent portion of the board of adjustment’s agenda.

B. In approving a conditional use, the board of adjustment is authorized to impose such conditions and restrictions as the board determines to be necessary to ensure compliance with the standards of section 134-6.4.8 of this article, to reduce or minimize the effect of the conditional use upon other properties in the area, and to better carry out the general purpose and intent of this zoning ordinance.

6.4.8 STANDARDS AND REVIEW CRITERIA
A. General
A conditional use may not be approved unless the board of adjustment determines that the proposed use or activity complies with all applicable use-specific regulations and that the applicant has demonstrated that all of the following general standards and review criteria are met:

1. The proposed geographic location and operation of the use or activity adequately safeguards the health, safety, and general welfare of persons residing or working in adjoining or surrounding property;
2. The proposed use will not impair an adequate supply of light and air to surrounding property;
3. The proposed use will not unduly increase congestion in the streets, or public danger of fire, safety or flooding;
4. The proposed use will not diminish or impair established nearby property values;
5. The proposed use is consistent with the general purpose of this zoning ordinance, the planning and design ordinance, chapter 135 of this code, and the comprehensive plan and any specific purposes established in this zoning ordinance for the subject use;
6. The proposed use in an F zoning district is fully in compliance with chapter 50 of this code;
7. The proposed use shall have no significant detrimental impact on the use and enjoyment of adjoining properties;
8. Adequate setbacks shall be provided to protect adjacent residentially zoned property from nonresidential and institutional uses; and
9. No parking should be permitted in a required front yard of an N district unless shown to be compatible with the adjoining land use.

B. Short-Term Rentals
A conditional use may not be approved for a short-term rental unless the board of adjustment determines that the proposed use or activity complies with all applicable short-term rental regulations of subsection C of section 134-3.5.12 of this chapter and
that the applicant has demonstrated that all of the following general standards and review criteria are met:

1. The proposed geographic location, design, construction and operation of the particular short-term rental adequately safeguards the health, safety and general welfare of persons in the adjoining or surrounding areas.

2. The short-term rental will not unduly increase congestion on the streets in the adjoining area or displace or impede use of parking spaces required by chapter 135 of this code.

3. The operation of the short-term rental will not constitute a nuisance.

5. A conditional use for short-term rental can be reconsidered by the board of adjustment if at any time the zoning enforcement officer determines that the conduct of the short-term rental, by its owner, authorized management agent, renter, or others, has become a nuisance, is detrimental to the neighborhood, or does not comply with one or more conditions established in the prior board of adjustment conditional use approval, in the general requirements for short-term rentals, or the conditions set forth in this section.

6. If the short-term rental of a single-household detached structure, a two-household attached structure or a condominium within a structure, is to be undertaken by a tenant-occupant rather than an owner-occupant, then the application for conditional use requires signed consent by the owner of the applicable structure. If such signed consent is not included, the application for conditional use will not be accepted by city staff or submitted to the board of adjustment for consideration.

7. For all multi-household structures and for two-household attached structures, applications for short-term rental that are deemed complete by community development department staff shall be considered and submitted to the board of adjustment in the order of submittal to the community development department.

6.4.9 FILING AND EFFECT OF DECISIONS

A. Written decisions of the board of adjustment must be open to public inspection. Written decisions must describe the action taken, the vote of each board member participating and the reasons for such action.

B. The board of adjustment's decision on a conditional use becomes final and effective after the board's written decision is signed and filed with the community development department, which serves as the board of adjustment office.

6.4.10 LAPSE OF APPROVAL

A. All activity authorized by an approved conditional use must be completed within two years of the date of signature and filing of the board's decision, or less time if ordered by board decision or in the event of a temporary use, or the approval lapses and is of no further effect.

B. If any use of land or structure approved as a conditional use is discontinued for a period of six months or more, the conditional use approval lapses and is of no further effect.

C. An approved conditional use for a short-term rental shall be in effect only for so long as the subject structure is owned, or controlled through lease, by the applicant.

D. If any use or structure approved as a conditional use is damaged or destroyed by any means, including damage or destruction by repair, alteration, replacement or upgrade, to an extent of 50% or more of its replacement cost at the time of damage or destruction, the approved conditional use lapses and is of no further effect.

E. Once a conditional use approval lapses, any subsequent use of such land or structure must conform to the regulations of the subject zoning district.

6.4.11 AMENDMENTS

A request for revisions to the specific nature of an approved conditional use or to any conditions required for an approved conditional use must be processed as a new conditional use application, including all requirements for fees, notices and public hearings.

6.4.12 APPEALS

Appeals of board of adjustment decisions are taken to district court pursuant to section 134-8.1.2.G of this chapter.

6.4.13 SUCCESSIVE APPLICATIONS

If a conditional use has been denied by the board of adjustment, a new conditional use application seeking
the same approval may not be considered by the board of adjustment for at least one year from the date of final action by the board of adjustment unless the board finds that the circumstances at the time of the board's previous decision have materially changed so as to effect the reasons that produced and supported that previous decision.

6.4.14 CONDITIONS AND SAFEGUARDS
A. In granting any conditional use under the terms of this division, the board of adjustment may prescribe appropriate conditions and safeguards in conformity with this chapter. Violation of such conditions and safeguards, when made a part of the terms under which the conditional use is granted, shall result in revocation of the conditional use approval.

B. If the zoning enforcement officer determines at any time that the applicant or property owner or designee exhibits a pattern of violating the conditions set forth in the conditional use approval, the zoning enforcement officer may apply to the board to reconsider the issuance of the conditional use. A copy of such application and notice of the hearing before the board on such application shall be provided to the owner of the property and any other applicable party at least 30 days in advance and shall also be provided to all owners of record of property within 250 feet of the subject property. If the board finds that the operation of the property exhibits a pattern of violating the conditions set forth in the board's conditional use approval, the board shall have the authority to amend or revoke the conditional use approval.

6.5 Type 1 Zoning Exceptions

6.5.1 INTENT
Type 1 zoning exceptions are intended to provide a streamlined approval procedure for minor modifications of selected zoning ordinance regulations. Type 1 zoning exceptions are further intended to:

A. Allow development and construction that is in keeping with the general purpose and intent of zoning ordinance regulations and the established character of the area in which the development or construction is located; and

B. Provide flexibility that will help promote rehabilitation and reuse of existing buildings and new construction when such flexibility will not adversely affect nearby properties or neighborhood character.

6.5.2 AUTHORIZED TYPE 1 ZONING EXCEPTIONS
Unless otherwise allowed by this ordinance, only the following may be approved as Type 1 zoning exceptions:

1. Exceptions to supplemental regulations that apply to household living uses, as set forth in section 134-3.3.1 of this chapter, if such exceptions are determined by the city legal department to be required by federal or state law;

2. Exceptions to supplemental regulations that apply to family home uses, as set forth in section 134-3.3.2 of this chapter, if such exceptions are

6.5.4 APPLICATION FILING

Complete applications for Type 1 zoning exceptions must be filed with the community development director.

6.5.5 ACTION BY COMMUNITY DEVELOPMENT DIRECTOR

B. If a Type 1 zoning exception is denied or approved with conditions unacceptable to the applicant, the applicant is authorized to seek approval of requested zoning exception from the board of adjustment in accordance with the Type 2 zoning exception procedures of section 134-6.6 of this article.

6.5.6 STANDARDS AND REVIEW CRITERIA

Type 1 zoning exceptions may be approved only when the community development director determines that the following approval standards and criteria and any other specific criteria established in this zoning ordinance for the authorized Type 1 zoning exception have been met:

A. The requested Type 1 zoning exception is consistent with all relevant purpose and intent statements of this zoning ordinance and with the general purpose and intent of the comprehensive plan;

B. The requested Type 1 zoning exception will not have a substantial or undue adverse effect upon adjacent property, the character of the surrounding area or the public health, safety and general welfare; and

C. Any adverse impacts resulting from the Type 1 zoning exception will be mitigated to the maximum extent feasible.

6.5.7 CONDITIONS OF APPROVAL

In granting a Type 1 zoning exception, the community development director is authorized to impose conditions upon the subject property that are necessary to reduce or minimize any potentially adverse impacts on other property in the surrounding area, and to carry out the stated purpose and intent of this zoning ordinance.

6.5.8 LAPSE OF APPROVAL

A. All activity authorized by an approved Type 1 zoning exception must be completed within two years of the community development director's action or the approval lapses and is of no further effect.

B. If any use of land or structure approved as a Type 1 zoning exception is discontinued for a period of one year or more, the approved Type 1 zoning exception lapses and is of no further effect.

C. If any use or structure approved as a Type 1 zoning exception is damaged or destroyed by any means, including damage or destruction by repair, alteration, replacement or upgrade, to an extent of 50% or more of its replacement cost at the time of damage or destruction, the approved zoning exception lapses and is of no further effect.
D. Once a Type 1 zoning exception lapses, any subsequent use of such land or structure must conform to the regulations of the subject zoning district.

6.5.9 TRANSFERABILITY
Approved Type 1 zoning exceptions run with the land and are not affected by changes of tenancy, ownership, or management, except as provided in this article or by conditions of approval.

6.5.10 AMENDMENTS
A request for changes in the specific nature of an approved Type 1 zoning exception or changes to any conditions attached to an approved Type 1 zoning exception must be processed as a new Type 1 zoning exception application, including all requirements for fees.

6.6.1 INTENT
Type 2 zoning exceptions are intended to provide a procedure for the board of adjustment to use in considering requests for regulatory relief from certain specified zoning regulations when such relief is reasonably needed to overcome practical difficulties related to the subject property.

6.6.2 AUTHORIZED TYPE 2 ZONING EXCEPTIONS
Unless otherwise allowed by this ordinance, only the following may be approved as Type 2 zoning exceptions:

1. Exceptions to any numerical regulation established in this chapter, when the exception does not exceed 50% of the applicable numerical regulation, other than separation distance requirements, and other than use requirements set forth in section 134-3.8 of this chapter.

2. Exceptions to the time period within which a use may be resumed after a temporary discontinuance of that use, when:
   a. Discontinuance of the use was due to unique circumstances not of the property owner’s own making; and
   b. Resumption of the use will not have a significant adverse impact on the essential character of the surrounding area.

3. Exceptions to allow a pole sign when the board of adjustment determines that there is no feasible location for the placement of a monument sign that is outside of the vision clearance triangle required by section 114-14 of this code and the proposed sign does not obstruct the vision of drivers entering or exiting the subject or adjoining properties.

4. Exceptions to allow signs on a temporary basis in districts A, N, NM, or NX may be requested for approval of signs used on a temporary basis exceeding 12 square feet in total area for all signs used on a temporary basis on one lot.

7. Exceptions to allow seven or more signs on a temporary basis in all districts other than A, N, NX, and NM districts.

8. Other exceptions expressly provided in this chapter.

6.6.3 AUTHORITY TO FILE

6.6.4 APPLICATION FILING
Complete applications for Type 2 zoning exceptions must be filed with the community development director.
134-6. REVIEW AND APPROVAL PROCEDURES
Type 2 Zoning Exceptions

6.6.5 STAFF REVIEW AND RECOMMENDATION
Following receipt of a complete application, the community development director must prepare a report on the requested Type 2 zoning exception. The report must be transmitted to the board of adjustment before the required public hearing.

6.6.6 NOTICE OF HEARING
It is the policy of the city to provide courtesy mailed notice of hearing to all owners of property abutting and diagonally opposite from the subject property and any applicable recognized neighborhood association within the notification area for which the Type 2 zoning exception is requested.

6.6.7 BOARD OF ADJUSTMENT DECISION
A. Following receipt of a complete application for a Type 2 zoning exception, the board of adjustment must hold a public hearing to consider the matter. Following the close of the public hearing, the board of adjustment must act to approve the requested Type 2 zoning exception, approve the Type 2 zoning exception with conditions, or deny the Type 2 zoning exception based on the applicable standards and review criteria of section 134-6.6.8 of this article. Approval of a Type 2 zoning exception requires an affirmative vote of at least four members of the board of adjustment and may occur on the consent portion of the board of adjustment’s agenda.
B. In approving a Type 2 zoning exception, the board of adjustment is authorized to impose such conditions and restrictions as the board determines to be necessary to ensure compliance with the standards of section 134-6.6.8 of this article. Approval of the Type 2 zoning exception relates entirely to a use classified by applicable district regulations as either a principal permitted use, a permitted accessory use, or a permitted sign, or to off-street parking or loading areas accessory to such a permitted use.

6.6.8 STANDARDS AND REVIEW CRITERIA
Type 2 zoning exceptions may be approved only when the board of adjustment determines that all of the following general approval standards and criteria and any other specific criteria established in this zoning ordinance for the authorized Type 2 zoning exception have been met:
A. The requested exception is reasonably necessary due to practical difficulties related to the subject property;
B. The practical difficulties related to the subject property cannot be overcome by any feasible alternative means other than an exception;
C. The requested exception will not have a significant adverse impact on the essential character of the surrounding area;
D. The requested exception by its design, construction and operation:
1. Will adequately safeguard the health, safety and welfare of the occupants of adjoining and surrounding property;
2. Will not impair an adequate supply of light and air to adjacent property;
3. Will not unduly increase congestion in the public streets;
4. Will not increase public danger of fire and safety; and
5. Will not diminish or impair established property values in the surrounding area.
E. The requested exception relates entirely to a use classified by applicable district regulations as either a principal permitted use, a permitted accessory use, or a permitted sign, or to off-street parking or loading areas accessory to such a permitted use.

6.6.9 LAPSE OF APPROVAL
A. All activity authorized by an approved Type 2 zoning exception must be completed within two years of the date of filing of the board’s decision or less time if ordered by board decision, or the approval lapses and is of no further effect.
B. If any use of land or structure approved as a Type 2 zoning exception is discontinued for a period of six months or more, the approved Type 2 zoning exception lapses and is of no further effect.
C. If any use or structure approved as a Type 2 zoning exception is damaged or destroyed by any means, including damage or destruction by repair, alteration, replacement or upgrade, to an extent of 50% or more of its replacement cost at the time of damage or destruction, the approved Type 2 zoning exception lapses and is of no further effect.
D. Once a Type 2 zoning exception lapses, any subsequent use of such land or structure must conform to the regulations of the subject zoning district.

6.6.10 TRANSFERABILITY
Approved Type 2 zoning exceptions run with the land
and are not affected by changes of tenancy, ownership, or management, except as provided in this article or by conditions of approval.

6.6.11 AMENDMENTS
A request for changes in the specific nature of an approved Type 2 zoning exception or changes to any conditions attached to an approved Type 2 zoning exception must be processed as a new Type 2 zoning exception application, including all requirements for fees, notices and public hearings.

6.6.12 APPEALS
Appeals of board of adjustment decisions are taken to district court pursuant to section 134-8.1.2.G of this chapter.

6.6.13 SUCCESSIVE APPLICATIONS
If a Type 2 zoning exception application has been denied by the board of adjustment, a new Type 2 zoning exception application seeking the same relief may not be considered by the board of adjustment for at least one year from the date of final action by the board of adjustment unless the board finds that the facts and circumstances present at the time of the board’s prior decision have materially changed so as to effect the reasons that produced and supported that prior decision.

Figure 134-6.7-B. Zoning (Use) Variance Process
134-6. REVIEW AND APPROVAL PROCEDURES
Zoning Variances

6.7.1 INTENT
A zoning variance is a grant of relief to a property owner from strict compliance with the regulations of this chapter. The intent of a zoning variance is not to simply remove an inconvenience or financial burden, but rather to alleviate an unnecessary hardship that would result if strict compliance with one or more zoning regulations was required.

6.7.2 AUTHORITY TO FILE
Zoning variance applications may be filed only with the consent of all record titleholders, or with the consent of all record contract purchasers when applicable, of the real property on which the zoning variance is proposed.

6.7.3 APPLICATION FILING
A. Complete applications for zoning variances must be filed with the community development director.
B. An application for a zoning use variance may not be filed or accepted for processing unless a proposed amendment to rezone the subject property to a district that would allow the subject use has been considered and denied by the city council within the preceding 12 months, except this requirement does not apply to requests to vary use separation requirements.

6.7.4 STAFF REVIEW AND RECOMMENDATION
Following receipt of a complete application, the community development director must prepare a report and recommendation on the requested zoning variance. The report and recommendation must be transmitted to the board of adjustment before the required public hearing.

6.7.5 NOTICE OF HEARING
It is the policy of the city to provide courtesy mailed notice of hearing to all owners of property and any applicable recognized neighborhood associations within 250 feet of the property for which the zoning variance is requested.

6.7.6 BOARD OF ADJUSTMENT DECISION
A. Following receipt of a complete zoning variance application, the board of adjustment must hold a public hearing to consider the requested zoning variance. Following the close of the public hearing, the board of adjustment must act to approve the requested zoning variance, approve the zoning variance with conditions, or deny the zoning variance request based on the applicable standards and review criteria of section 134-6.7.7 of this article. Approval of a zoning variance requires an affirmative vote of at least four members of the board of adjustment and may occur on the consent portion of the board of adjustment’s agenda.
B. In approving a zoning variance, the board of adjustment is authorized to impose such conditions and restrictions as the board determines to be necessary to ensure compliance with the standards of section 134-6.7.7 of this article, to reduce or minimize the effect of the zoning variance upon other properties in the area, and to better carry out the general purpose and intent of this zoning ordinance.

6.7.7 STANDARDS AND REVIEW CRITERIA
A. General. A zoning variance may only be approved when the variance will not be contrary to the public interest, and where owing to special conditions a literal enforcement of the regulations of this chapter will result in unnecessary hardship, and so that the spirit of this chapter shall be observed and substantial justice done. A zoning variance further may not be approved unless the board of
adjustment determines that all of the following facts have been established by the applicant:

1. The subject property cannot yield a reasonable return from any use permitted by the subject zoning regulations. Failure to yield a reasonable return may only be shown by proof that the owner has been deprived of all beneficial or productive use of the subject property. It is not sufficient to merely show that the value of the land has been depreciated by the regulations or that a zoning variance would permit the owner to maintain a more profitable use;

2. The plight of the owner is due to unique circumstances not of the owner’s own making, which unique circumstances must relate specifically to the subject property and not to general conditions in the neighborhood; and

3. The use or construction to be authorized by the zoning variance will not alter the essential character of the area in which the subject property is located.

B. Floodplain Variances. No zoning variance from the F zoning district regulations may be approved unless the board of adjustment determines that the general zoning variance standards and review criteria of paragraph A of this section have been met and that all of the following additional following facts have been established by the owner of the subject property:

1. Zoning variances from the F zoning district regulations may only be granted upon:
   a. A showing of good and sufficient cause;
   b. A determination that the zoning variance is the minimum necessary, considering the flood hazard, to afford relief;
   c. A showing that the Iowa Department of Natural Resources and the city engineer has been notified of the requested zoning variance and offers no objection; and
   d. A showing that the proposed variance does not impede emergency access to the subject property or surrounding neighborhood.

6.7.8 FILING AND EFFECT OF DECISIONS

A. Written decisions of the board of adjustment must be filed promptly following the board’s action and be open to public inspection. Written decisions must describe the action taken, the vote of each board member participating and the reasons for such action.

B. Except as expressly stated in paragraph C of this section 134-6.7.8 of this article, the board of adjustment’s decision on a zoning variance becomes final and effective after the board’s written decision is filed in the board office.

C. A decision of the board of adjustment to grant a zoning use variance or variance from any separation distance requirement must be referred to the city council for review. The city council must then review the board of adjustment’s decision within 30 days after the decision is signed and filed. Following the city council’s review, the council may remand the decision to the board of adjustment for further study. If the city council does not act to review the decision within 30 days after it is signed and filed, the board of adjustment’s decision becomes effective on the 31st day. If the city council declines to remand a decision, the board of adjustment’s decision becomes final and effective on the date of the council’s action to decline remand. If the city council remands a decision to the board of adjustment, the effective date of the board’s decision is delayed for 30 days from the date of city council remand.

D. Upon remand of a decision from the city council, the board of adjustment must conduct a rehearing on the matter for further study and action at a regularly scheduled or special-called board meeting held during the 30-day delay period. Following the close of the rehearing, the board of adjustment must act to either affirm its initial decision on the zoning use variance or variance from any separation distance requirement or withdraw its initial decision and issue a new decision on the applicable variance. Upon completion of the rehearing process, the board of adjustment’s decision is not subject to review by the city council and becomes final and effective upon filing.

6.7.9 LAPSE OF APPROVAL

A. All activity authorized by an approved zoning variance must be completed within two years of the date of filing of the board’s decision, or less time if ordered by board decision, or the approval lapses and is of no further effect.

B. If any use of land or structure approved as a zoning variance is discontinued for a period of one year or more, the approved zoning variance lapses and is of no further effect.

C. If any use or structure approved as a zoning variance is damaged or destroyed by any means, including damage or destruction by repair,
alteration, replacement or upgrade to an extent of 50% or more of its replacement cost at the time of damage or destruction, the approved zoning variance lapses and is of no further effect.

D. Once a zoning variance lapses, any subsequent use of such land or structure must conform to the regulations of the subject zoning district.

6.7.10 TRANSFERABILITY
Approved zoning variances run with the land and are not affected by changes of tenancy, ownership, or management, except as provided in this article or by conditions of approval.

6.7.11 AMENDMENTS
A request for changes in the specific nature of an approved zoning variance or revisions to any conditions attached to an approved zoning variance must be processed as a new zoning variance application, including all requirements for fees, notices and public hearings.

6.7.12 APPEALS
Appeals of board of adjustment decisions are taken to district court pursuant to section 134-8.1.2.G of this chapter.

6.7.13 SUCCESSIVE APPLICATIONS
If a zoning variance request has been denied by the board of adjustment, a new zoning variance request seeking the same relief may not be considered by the board of adjustment for at least two years from the date of final action by the board of adjustment unless the board first finds that conditions have changed. A change in conditions present at the time of the board’s prior decision may be such as:

A. When the appellant or applicant proves the consent of owners who previously objected to the relief sought at the earlier hearing;

B. When the appellant or applicant proves that land adjacent to the subject property is no longer subject to restrictive covenants that were in effect at the time of the earlier hearing;

C. When the appellant or applicant presents a new plan that involves substantially greater limitations on the use of the property; and

D. When the appellant or applicant presents evidence showing that the vicinity of the proposed variance has undergone a material and substantial change since the earlier decision was rendered.

6.7.14 RECONSIDERATION OF USE VARIANCE
If the zoning enforcement officer determines at any time that the operation of the property exhibits a pattern of violating the conditions set forth in the use variance, the zoning enforcement officer may apply to the board to reconsider the issuance of the use variance for such property. A copy of such application and notice of the hearing before the board on such application shall be provided to the owner of such property and any other applicable party at least 30 days in advance and shall also be provided to all owners of record of property within 250 feet of the subject property. If the board finds that the operation of such property exhibits a pattern of violating the conditions set forth in the use variance, the board shall have the authority to amend or revoke the use variance.

134-6.8 Requests for Reasonable Accommodation
See chapter 2, article VII of this code.

134-6.9 Appeals of Administrative Decisions

6.9.1 AUTHORITY
Except as otherwise expressly stated in this zoning ordinance, the board of adjustment is authorized to hear and decide all appeals where it is alleged there has been an error in any written order, decision or determination made by the community development director or any other administrative official in the administration, interpretation or enforcement of this zoning ordinance.

6.9.2 RIGHT TO APPEAL
Appeals to the board of adjustment may be taken by any person aggrieved by any officer, department, board or bureau of the city affected by any decision of the zoning enforcement officer or of any other administrative officer in the enforcement of this chapter or of the state zoning laws.

6.9.3 APPLICATION FILING
A. Complete applications for appeals of administrative decisions must be filed with the community development director including payment of the application fee as provided in the schedule of fees approved by city council resolution.

B. Appeals of written administrative decisions must be filed within 10 days of the date of the decision.
**6.9.4 EFFECT OF FILING**
The filing of a complete notice of appeal stays all proceedings in furtherance of the action appealed from, unless the community development director certifies to the board of adjustment after the notice of appeal shall have been filed with the officer that by reason of facts stated in the certificate a stay would in the director's opinion cause imminent peril to life or property. In such case proceedings shall not be stayed otherwise than by a restraining order which may be granted by the board of adjustment or by a court of record on application on notice to the community development director and on due cause shown.

**6.9.5 RECORD ON APPEAL**
At or before the board of adjustment's hearing, the community development director or other administrative official whose decision is being appealed must transmit to the board of adjustment all papers constituting the record related to the decision being appealed.

**6.9.6 NOTICE OF HEARING**
It is the policy of the city to provide courtesy mailed notice of the date and time of the hearing on appeal to the subject property owner and to all owners of property and recognized neighborhood associations within 250 feet of the subject property.

**6.9.7 HEARING AND FINAL DECISION**

A. The board of adjustment shall fix a reasonable time for public hearing on the appeal and shall decide the appeal within a reasonable time.

B. At the hearing, any party may appear in person or by agent or by attorney.

C. In exercising the appeal power, the board of adjustment may reverse or affirm, wholly or partly, or may modify the order, requirement, decision, or determination appealed from and may make such order, requirement, decision, or determination as ought to be made, and to that end has all the powers of the community development director from whom the appeal is taken. The concurring vote of four of the members of the board shall be necessary to reverse any order, requirement, decision or determination of the zoning enforcement officer or of any other administrative officer.

D. The decision of the board of adjustment shall be in writing and filed promptly following the board's action and open to public inspection. The decision shall describe the action taken, the vote of each board member participating, and the reasons for such action. The board of adjustment's decision on an appeal shall be final and effective after the board's written decision is signed and filed with the community development department, which serves as the board of adjustment office.

**6.9.8 APPEALS**
Appeals of board of adjustment decisions are taken to district court pursuant to section 134-8.1.2.G of this article.
